## Basic Nail Services

### Acrylic Nails

Acrylics are the most durable form of enhancement. Recommended for those with naturally weak, brittle nails. It is the most popular and hardest form of enhancement due to it is durability and low maintenance.

### UV Gel Nails

The revolutionary nail care with quick UV curing odorless gel nails. Gel is more forgiving than acrylics and a good alternate form of enhancement for those allergic to acrylics or chemical-sensitive. Your beautifully finished nail will be sealed with high glossy look. Recommended for those that need a little strengthening or for polish longevity.

### Pink and White

Pink & White Acrylics. Also called permanent French or two-tone. It is the most popular look among women. It is classic, clean, nature, shiny and ready to go less than 1 hour without the wait for polish drying or polish wearing off. It is non-yellowing formula is done in a double process with white powder for the free edge and two different shades of pink to choose from for the nail bed.
