On \_\_\_\_\_, I applied for and received a:

Building permit No. \_\_\_\_\_ Electrical Permit No. \_\_\_\_\_

From the City of Lakesite Building Official.

As the owner/occupant, I wish to construct or undertake the work on the home listed above. I understand that the City of Lakesite cannot and will not be a consultant to the owner/occupant, or give any construction advice in any of the trades other than the code meanings or interpretations.

As the owner/occupant, I understand that I must intend to make the building my personal residence.

As the owner/occupant, I understand that the Building Official suggests and strongly recommends that I obtain a licensed person in the appropriate trade for a consultant and assistant when needed.

As the owner/occupant, I understand that all necessary inspections will be done when requested and that I must give at least 24 hours' notice.

I will ensure that all the work performed will be compliant to all related codes and that I will make all changes needed to correct any code violations.

In the event that I decide to hire a contractor to perform work related to the above mentioned permit(s), I will hire a licensed and/or registered contractor and provide their State of TN license number to the Building Official's office for their record.
